What's New In?

Click here to know more about the contents of your MP3 folder, what are the duplicate and the shared MP3 files. More than 100 million people use Windows XP, Vista, and 7, are the most popular operating systems that are currently being used. Millions of them have been affected by viruses and Trojan, worms, adware and spyware, which steal their personal information and hijack their system. To protect your computer from such threats, you need to back up your data frequently. In other words, it is wise to use an automatic backup utility, which backs up your personal and important data and sends them to another computer system via the Internet or a local hard drive. With Mp3DupCatcher software, you will always have an up to date backup of your MP3 files, and whenever a new MP3 is found on your computer, it will be automatically added to your MP3 library, allowing you to save your time and effort in restoring those new MP3 files. MP3 Duplicate and Shared MP3 Scans In addition to the backup process, Mp3DupCatcher automatically scans your computer for duplicate and shared MP3 files. Whenever it finds an MP3 file on your computer that has been copied by another user, it will be added to the MP3 duplicates list, allowing you to remove them later. Mp3 Dump and Recycle Bin Mp3DupCatcher also supports and is able to duplicate the same action as the Windows 7 System, which allows you to remove MP3 files, located in the recycle bin or dumped, directly from the recycle bin itself, saving your time. In order to use Mp3DupCatcher efficiently, you can also use the Recycle Bin by selecting the 'Recycle Bin' option from the main menu, or select the 'Find and Recycle' option, in the Tools menu, which allows you to find and recycle MP3 files. Windows Explorer Mp3DupCatcher is also a Windows Explorer extension, allowing you to locate and scan any MP3 or other type of files on your computer and find MP3 files that are duplicated or shared. Tip: If you want to make the software work in the Windows 7 OS, there is a Windows 7 compatibility version that you can download and install on your computer. Feature Highlights This section highlights some of the features of Mp3DupCatcher, which are the most popular and useful. Automatic MP3 scan and scan location Mp3DupCatcher will always scan your computer for any new MP3 files, even if you do
