Overview: Autodesk Moldflow Insight is a free simulating software that can help you .Q: Regex to check if a string is having only numbers (0-9) or only alphabets (A-Z, a-z) I am checking if a string is having only numbers (0-9) or only alphabets (A-Z, a-z). I have tried (^[\d]*[A-Za-z]+$) but it is not working. A: You should use a character class [A-Za-z] instead. String.matches("[A-Za-z]*[0-9]*"); Also, you should escape the forward slash in the character class. A: This is how you can do it (^\d*[A-Za-z]*\d*$) You have to escape the forward slash in the character class. Mary Rogan Mary Rogan is an American politician and a Democratic member of the Rhode Island House of Representatives representing District 76 since January 14, 2019. Rogan defeated incumbent Republican State Rep. Al Smith in the general election on November 6, 2018. That's pretty damning. Heck, I'm pretty darn sure the people who think the cannabis industry can operate on 20,000 square foot factory shops are smoking something. I get the feeling the sky's the limit with MMJ, unless those smart, insightful people who run the country decide to start regulating the industry. For those of you who are wondering, I told my wife that if the government ever passes a law to legalize cannabis, I'm going to invest in cannabis from Australia. If you're wondering, "Dane, what did you say about Australia," that's because I have a 4bc0debe42
